- To explore the factors that determine the companies; success and failure.
- To apply the planning tools that improve the individual and colective performance.
- To apply the different Management of Business basic functions such as planning, organization, management and control.
- Ability to integrate the concepts of Management, Organizational Behaviour, Finance, Operations Management and Marketing in solving specific problems.

DESCRIPTION OF CONTENTS: PROGRAMME

This is an introductory course with the aim of providing the student with the basic concepts of business management. It provides an overview of the historical context of modern business and of the major functional areas of management studies such as management, finance, production and marketing. Also, the course includes very important topics like the nature of the company, its environment and the tools for the decission making process.

- 1. General Concepts
- 2. The enterprise: types and objectives
- 3. The function of production
- 4. The marketing acitvity
- 5. The financial function
- 6. The management of the company

LEARNING ACTIVITIES AND METHODOLOGY

The competences of knowledge and the attitudes will be acquired through magisterial sessions, discussion of cases individually and in class and the preparation of other kind of practices. The magisterial lectures are aimed to teach the necessary technical knowledge. The understanding of the subject is reinforced with the exercises and the discussion of real cases.

The 6 ECTS credits of the course are distributed as follows: 3 credits are assigned to the lectures, 2 credits concern the individual work, exercise resolution and participation in all the activities of the subject, and 1 credit for the individual work on the resolution of real cases.

ASSESSMENT SYSTEM

It is divided into two parts:

- Continuous evaluation (50%). Practice activities (15%); Assessment's Controls (15%); Business Plan in groups (20%).
- Final exam (50%). The assessment criteria will be theoretical-practical, aimed to assess the level of knowledge and competences that the students have acquired. It is obligatory to do it. It is compulsory to achieve minimum 4 points over 10.

% end-of-term-examination: 50 % of continuous assessment (assignments, laboratory, practicals...): 50
