Brand choice models.
Analysis of time between purchases, truncation and censorship issues, consumer panels and audience rating of customers.
Microeconometrics in marketing and their use in designing marketing strategies, and CRM.
Practices with specialized software.

LEARNING ACTIVITIES AND METHODOLOGY
Classes may involve lectures, small group exercises, case analyses and discussions. The lectures will serve to establish the conceptual foundations. Practical classes are designed so that students can develop skills and abilities required properly established.

Student contributions are an important part of the course. Students are expected to read assigned materials for each class; attend class, participate and contribute to discussions.

ASSESSMENT SYSTEM
Your final grade will be assigned based on:
Participation in-class, discussion, assignments, quizzes and cases studies: 60%
Final exam: 40%.
In order to pass the subject, students need to meet the minimum passing score of 4 points (out of a possible 10) in the final exam. Students that do not meet the minimum passing grade should retake the subject. If the resit is taken, the above grade criteria also apply.

% end-of-term-examination: 40
% of continuous assessment (assignments, laboratory, practicals…): 60
