LEARNING ACTIVITIES AND METHODOLOGY

Every week there will be a theory session (in a large group) and a practical session (in a small group). Students must study the contents of each theory session after the session takes place. Exercises and cases must be solved before the corresponding practical sessions. Practical sessions will be devoted to discuss and provide solutions to the exercises that students will have previously worked at. There will also be weekly office hours which will be scheduled by each professor at the beginning of the term.

ASSESSMENT SYSTEM

% end-of-term-examination/test:	40
% of continuous assessment (assignments, laboratory, practicals...):	60

There will be three exams: two partial exams which will take place during the term, and a final exam which will take place at the end of the term. Homework will not be evaluated. The weight of the four exams will be as follows:

% end-of-term-examination/test: 40

% of continuous assessment (assignments, laboratory, practicals...): 60

- First exam: 25%
- Second exam: 35%
- Final exam: 40%

For students who fail the subject, the re-take exam will weigh 40% and the two mid-term exams 25% and 35% respectively, unless the grade achieved at the re-take exam is greater than this weighted average, in which case the re-take will count for 100% of the grade.
