ASSESSMENT SYSTEM

% end-of-term-examination/test:	60
% of continuous assessment (assignments, laboratory, practicals...):	40

The subject grade is formed by a 40% of continuous evaluation and a 60% of the final exam.

1. Continuous evaluation will take into account both the work performed individually (test exams and oral participation in normal classes) and the team work (solving cases and writing legal documents). The teachers of every block in the syllabus will determine the way and percentage to be assigned to those different tasks.
2. The final test contains 30 multiple choice questions with four alternatives. 4 Wrong answers discount a 1 of the value of a right answer. No legal texts will be allowed during the exam.

Extraordinary Summon:

- 60% depends on a test of 30 multiple choice questions. The marks obtained during the normal continuous evaluation form the rest of the grade.

If the continuous assessment system is not followed, which requires attendance at 90% of the sessions, the final mark in both ordinary and extraordinary sessions will be obtained on 60% of the final exam.
