

Academic Year: (2019 / 2020)

Review date: 04-05-2020

Department assigned to the subject: Criminal Law, Procedural Law and History Law Department

Coordinating teacher: FIODOROVA , ANNA

Type: Compulsory ECTS Credits : 3.0

Year : 1 Semester : 0

REQUIREMENTS (SUBJECTS THAT ARE ASSUMED TO BE KNOWN)

Conflict
Communication
Negotiation
Mediation: features, process, techniques and areas

OBJECTIVES

BASIC SKILLS

- To be able to apply obtained knowledge in solution of problems in new or unfamiliar environments within broader (or multidisciplinary) contexts
- To communicate clearly and unambiguously conclusions, as well as the knowledge and reasons on which they are based, to specialised and non-specialised audiences
- To have the learning skills that enable to continue studying in manner that to the large extent will be self-directed or individual

GENERAL SKILLS

- Ability to identify conflict, its peculiarities and dynamics
- Ability to detect among the methods of conflicts' resolution the one most suitable in each situation and to use it
- Knowledge on the development of mediation procedure, its principles, goals, features and areas
- Knowledge of limits of mediation, its use on national and international level
- Ability to apply in practice different techniques and tools used to manage and to resolve the conflicts
- Ability to detect concepts and elements that are used in different forms of conflict resolution
- Ability to identify correctly and to develop different phases of the process of negotiation and mediation, as well as techniques and tools applied

SPECIFIC SKILLS

- Management of the communication abilities within the scope of Restorative Justice
- To understand theoretical and practical development of the Restorative Justice and the importance of mediation in penal matters
- To know restorative practices and different modalities of the mediation in penal matters
- To acquire theoretical knowledge about the mediation in penal matters, as well as procedures and tools applicable to this type of mediation
- To apply in practice different techniques and instruments of Restorative Justice and penal mediation
- To learn concepts used in different afore mentioned methods
- To synthesise obtained knowledge as a necessary basis for the elaboration of the final paper about specific and subject matter

LEARNING OUTCOMES

- At the end of the subject the student will obtain knowledge necessary to use and to control different techniques of mediation, as well as different tools of communication in the area of Restorative Justice and penal mediation
- Will obtain sufficient theoretical-practical basis to handle restorative process and penal mediation with proper guarantees and taking into account their peculiarities

DESCRIPTION OF CONTENTS: PROGRAMME
