

Academic Year: (2019 / 2020)

Review date: 06-05-2020

Department assigned to the subject: Social Sciences Department

Coordinating teacher: NATERA PERAL, ANTONIO

Type: Compulsory ECTS Credits : 6.0

Year : 3 Semester : 2

OBJECTIVES

- To handle accurately the concepts relating to the structures and administrative actors.
- To appreciate the close link that exists between the field of politics and public administration, as well as between the analysis and the professional practice.
- To note the transit of the bureaucratic model of management towards a managerial model and this towards the model of governance in the context of the recent transformations of the State and public administration.
- To understand the basic elements that make up the design of public organizations from the point of view of its structure.
- To perceive the role of organizational culture -and the world of values in general- about the behaviour of the political and administrative actors.
- To understand the dynamics of power, conflict and political management in the administrative settings.
- To use the comparative method to learn about the Spanish political and administrative system through its contrast with other systems.

DESCRIPTION OF CONTENTS: PROGRAMME

1. Political System and Public Administration.
2. Key factors in designing public administration structures. Spanish administrative system as an example of structural complexity.
