- The position of the Spanish legislation in the transmission system of economic rights.
- Analysis of the general provisions of the Copyright Act
- Special consideration of remuneration for the transfer and authors salaried

## ASSESSMENT SYSTEM

<b>% end-of-term-examination/test:</b>	85
<b>% of continuous assessment (assignments, laboratory, practicals...):</b>	15

Continuous assessment will be to assess the use of classes using questionnaires completed at the end of any of them or by work commissioned by teachers. Its weight percentage is 15 % of the final grade .

The final exam , which accounts for 85 % of the final grade , consist of two parts . The first test will consist of questions with four alternatives each. Each wrong answer shall subtract a 25% of what a correct answer adds. The second, in the theoretical development of some of the issues .

Extraordinary evaluation process: In the extraordinary or second examination and final call, 100% of the final grade will be determined by a single theoretical examination. That is to say that the mark obtained in the continuous evaluation is not saved.
