

Academic Year: (2020 / 2021)

Review date: 16-01-2021

Department assigned to the subject: Humanities: History, Geography and Art Department

Coordinating teacher: GARCIA ALVAREZ, ANTONIO JACOBO

Type: Electives ECTS Credits : 6.0

Year : 1 Semester : 2

OBJECTIVES

General Competences:

GC1; Ability to understand the main factors involved in geopolitical and strategic analysis

GC2: Ability to understand and analyze from a critical perspective the territorial dimension of the discourses and practices that guide international politics, as well as to contribute to the public debate about them and to deepen the values of democracy, dialogue, tolerance, social and environmental justice and peace.

GC3: Ability to understand and analyze national and international conflicts that have a territorial origin or influence and propose political strategies and instruments that can contribute to their resolution

GC4: Ability to apply the theoretical and methodological knowledge of geopolitical and strategic studies to the analysis and resolution of cases and concrete empirical problems

GC5: Ability to demonstrate critical thinking in the analytical arguments of their own and of others.

GC6: Ability to plan and carry out an autonomous research in the field of geopolitics and strategic studies.

GC7: Ability to communicate and present, in a clear, precise and rigorous manner, geopolitical and strategic reports to both specialized and non-specialized audiences

Specific Competences:

SC9 Ability to understand and analyze, from a geopolitical and geostrategic perspective, Spain and its surrounding regions and their interactions

Learning results:

-Knowledge of the most important geopolitical and geostrategic elements and themes of Spain and its neighboring regions.

-Ability to interrelate and synoptically understand the different geopolitical and geostrategic elements and specific phenomena of Spain and its surrounding areas.

-Ability to apply theories and methodologies of regional analysis of a general or systematic nature to the understanding of particular regional spaces and dynamics.

-Ability to place and relate the particular geopolitical and geostrategic regional dynamics of Spain and its neighbouring areas with the global geopolitical architecture.

DESCRIPTION OF CONTENTS: PROGRAMME

LEARNING ACTIVITIES AND METHODOLOGY

Learning Activities

- Theoretical classes
- Theoretical and practical classes
- Tutorials
- Group work
- Student's individual work
- Final evaluation paper.

Teaching Methodologies

- Classroom lectures by the teacher with the support of computer and audiovisual media, in which the main concepts of the subject are developed and the bibliography is provided to complement the students' learning.
- Critical reading of texts recommended by the teacher of the subject: press articles, reports, manuals and/or academic articles, either for their later discussion in class, or to extend and consolidate the knowledge of the subject.
- Solving practical cases, problems, etc. raised by the teacher individually or in groups.
- Presentation and discussion in class, under the moderation of the teacher, of topics related to the content of the subject, as well as practical cases.
- Preparation of papers and reports, individually or in groups.

The tutorials will normally take place via online and/or via e-mail

----TEACHING SYSTEM FOR 2020-21 UNDER NORMAL CONDITIONS----

In accordance with the teaching model approved for 2020-21, under normal conditions the Master in Geopolitics and Strategic Studies will be taught On Campus (Face-to-Face classes).

In order to ensure the prevention and social distancing measures in classrooms. the courses with a number of students enrolled higher than the capacity of the classroom will have a Weekly Rotating System for the face-to face classes combined with synchronous online teaching system.

All students must have the necessary equipment to follow classes remotely (device with internet connection). Due to the restrictions in the use of computer rooms on Campus it may be necessary to take your own computer equipment for its use in the classroom.

* Students that cannot attend to On Campus classes at the beginning of the academic year, due to difficulties or delays obtaining their visas, border closures, or similar issues, will be able to follow classes in a Synchronous Online Teaching system until they are able to arrive to On Campus classes.

ASSESSMENT SYSTEM

- Classroom attendance and participation: 20 % of the course grade.
- Continuous assessment assignments: 30% of the course grade
- Term paper: 50% of the course grade.

% end-of-term-examination:	50
% of continuous assessment (assignments, laboratory, practicals...):	50
