#### TEACHING METHODOLOGIES

MD1 Teacher's classroom presentations with computer and audiovisual support, in which the main concepts of the subject are developed and the bibliography is provided to complement the students' learning.

MD2 Critical reading of texts recommended by the teacher of the subject: sentences and resolutions, press articles, reports, manuals and/or academic articles, either for their later discussion in class, or to extend and consolidate the knowledge of the subject.

MD3 Resolution of practical cases, problems, etc. ¿ raised by the teacher individually or in group

MD4 Presentation and discussion in class, under the teacher's moderation, of topics related to the content of the subject, as well as case studies

MD5 Preparation of papers and reports individually or in groups

#### ASSESSMENT SYSTEM

Evaluations will be carried out in two ways from which the student can choose:

1. Taking a final exam, with the possibility of using the materials handled in the classes, the notes taken in the sessions and any other printed or digital resources that the student wishes to use.

2. Preparation and delivery of an essay with the characteristics and format and within the deadlines determined by the teacher.

The qualification obtained in either of the two modalities will be completed with the evaluation of the attendance to the classes and the participation in the teaching activities.

**% end-of-term-examination:** 80

**% of continuous assessment (assignments, laboratory, practicals...):** 20
