LEARNING ACTIVITIES AND METHODOLOGY

Formative Activities

- a) Theoretical-practical classes.
- b) Search for training materials and works of understanding and exposition of the same
- c) Individual or group student work, presentation, defense, etc.

It is important that students participate actively in the sessions. Your participation will be essential to qualify the student.

Teaching methodology:

The teaching of the subject is articulated from the development of two classes of actions:

- a) Lectures In this case, lectures will be made in class by the teacher with support of computer and audiovisual media, in which the main concepts of each theme are developed
- b) Presentation, discussion and resolution of a case by topic. The resolution of the first case involves the previous development of a workshop in class so that the student can materialize with the work system. In any case, given the uncertainty about the teaching format that health circumstances will take us to during the next academic year, it is expected to start in the blended modality, and may lead to 100% face-to-face or 100% on-line training as it evolves the spread or control over the pandemic and the health and hygiene regulations issued by the authorities of the sector.

Tutorials:

After each work session, be it lecture class or practice class, you can develop the tutorials when requested by the students.

ASSESSMENT SYSTEM

Ordinary evaluation:

The global evaluation of the subject will be carried out based on the weighting of the marks obtained in the continuous evaluation activities and which is equivalent to a maximum of 40% of the final grade. The final exam score is equivalent to the remaining 60%, based on the weight of the overall assessment.

Unrealized activities will be graded with a zero (0). The final grade obtained may be adjusted by the teacher (up to a maximum of one point) based on participation and class interventions.

Extraordinary evaluation:

In the extraordinary evaluation there will be a final exam.

Students who do not take the final exam, either in the ordinary or extraordinary call, will be classified as not presented

% end-of-term-examination:	60
% of continuous assessment (assignments, laboratory, practicals...):	40
