Training activities of the subject

AF3 Theoretical practical classes

AF6 Group work

AF7 Individual student work

Code activity / No. Total hours / No. Face-to-face hours / % Student attendance

AF3 105 105 100

AF6 145 0 0

AF7 125 0 0

TOTAL SUBJECT 375 105

TEACHING METHODOLOGIES

MD1 Lectures in the teacher's class supported by computer and audiovisual media, in which the main concepts of the subject are developed and the bibliography is provided to complement the students' learning.

MD2 Critical reading of texts recommended by the professor of the subject: Sentences and resolutions, press articles, reports, manuals and / or academic articles, either for later discussion in class, or to expand and consolidate the knowledge of the subject.

MD3 Resolution of practical cases, problems, etc., raised by the teacher individually or in a group

MD4 Presentation and discussion in class, under the moderation of the teacher, of topics related to the content of the subject, as well as practical cases

MD5 Preparation of works and reports individually or in groups

ASSESSMENT SYSTEM

The final grade will be assigned based on:

Participation in-class discussion, quizzes and cases studies: 60%

Final exam: 40%

In order to pass the subject, students need to meet the minimum passing score of 4 points (out of a possible 10) in the final exam. Students that do not meet the minimum passing grade should retake the subject. If the resit is taken, the above grade criteria also applies.

% end-of-term-examination:	40
% of continuous assessment (assignments, laboratory, practicals...):	60
