## LEARNING ACTIVITIES AND METHODOLOGY

The course implies practical and theoretical knowledge.

With regard to the teaching method, alongside the traditional theoretical seminars, a good deal of practice sessions shall take place (solution of real conflicts, individually or in groups, analysis of facts) that will let the student apply the knowledge acquired to the problems that he might face in his professional life

## ASSESSMENT SYSTEM

To evaluate the practical part (0 to 4 points of the final mark, 40% of final grade) the teacher shall take into account the participation in the class and the making of the cases required. With regard to the theoretical part, the student shall have to take a written exam (0 to 6 points of the final mark, 60% of final grade).

Final rating

The final grade for the course is the sum of previous grades.

<b>% end-of-term-examination:</b>	60
<b>% of continuous assessment (assignments, laboratory, practicals...):</b>	40
