ASSESSMENT SYSTEM

The continuous evaluation is based on three quizzes scheduled throughout the course, whose dates are fixed, and it is not possible to take any of them on dates or times other than those established at the beginning of the semester. No taken one of the quizzes will mean a grade of zero in this evaluation, and non taken to two of the quizzes will mean final grade of zero. Those students who have not taken one of the quizzes but have taken the remaining ones, in the last week of the course could take a recovery quiz to replace the grade of zero in the missing quiz.

The recovery quiz will be schedule in the last week of the course and it will cover the material that has not been evaluated.

Note in Ordinary Call = Continuous Evaluation

Note in Extraordinary Call = $\max \{ \text{Continuous Evaluation}; \text{Final} \}$
