

Academic Year: (2022 / 2023)

Review date: 11-05-2022

Department assigned to the subject: Humanities: History, Geography and Art Department

Coordinating teacher: GARCIA ALVAREZ, ANTONIO JACOBO

Type: Electives ECTS Credits : 6.0

Year : 1 Semester : 1

OBJECTIVES

This subject aims that students acquire the following competences and skills:

1. To assess and analyze both landscape and territory as visible synthetic expressions -in material and symbolic terms- of societies' history and cultural heritage, and in particular, of the relationship between nature and human groups.
2. To know the main sources and methods for studying the cultural representations of landscape and territory, through some their most significant contemporary manifestations, such as geographical, literary, pictorial and film representations.
3. To acquire the abilities to: a) identify and analyze the cultural values of landscapes and specific territories; b) incorporate these values to heritage policies; and c) make proposals that promote their recognition and dissemination to society, in terms of protection, management or planning.

DESCRIPTION OF CONTENTS: PROGRAMME

The aim of this course is to examine the cultural values and heritage dimensions of landscape and territory in Spain and Latin America through different perspectives and sources. The course is organized into four main parts, whose topics and agenda are summarized below.

PART ONE: CONCEPTS, STUDY APPROACHES AND PUBLIC POLICIES REGARDING THE CULTURAL ASSESSMENT OF LANDSCAPE AND TERRITORY.

LESSON 1. Landscape, territory and culture: essential concepts and study approaches.

LESSON 2. Landscape, territory and identity.

LESSON 3. From cultural assessments to public policies: landscape protection, management and planning.

PART TWO: LITERARY REPRESENTATIONS OF LANDSCAPE.

LESSON 4. Places, landscapes and travel literature.

LESSON 5. The literary image of Spain's landscape.

PART THREE: ARTISTIC REPRESENTATIONS OF LANDSCAPE.

LESSON 6. The landscape in art landscape painting.

LESSON 7. Landscape art: architecture, gardening and landscaping.

LESSON 8. The artistic landscape and its heritage status.

PART FOUR: PHOTOGRAPHIC, CINEMATOGRAPHIC AND DIGITAL REPRESENTATIONS OF LANDSCAPE.

ITEM 9. Landscape, photography and film

ITEM 10. The landscape in the digital age.

LEARNING ACTIVITIES AND METHODOLOGY

Teaching methodology includes, mainly:

1. Classroom lectures focused on the subject theoretical contents.
2. Presentation and discussion (in the virtual classroom) of selected readings.
3. Written analysis of selected readings.
4. A field trip related to the cultural values of landscape and territory.

Tutorials will be carried out through the procedures established by the university.

ASSESSMENT SYSTEM

The evaluation system of the course for the ordinary call will take into account the following criteria:

- a) Attendance and active participation in class (with special attention to the discussion of selected texts): 20% of the course grade.
- b) Presentation of a selected text in class: 20% of the course grade.
- c) Completion of a study visit and a report on it: 10% of the course grade.
- d) Analysis and critical commentary of two selected texts (to be submitted in written form): 50% of the course grade.

Students taking the extraordinary call shall carry out and submit a critical analysis of texts selected by the course's teachers.

% end-of-term-examination:	50
% of continuous assessment (assignments, laboratory, practicals...):	50
