LEARNING ACTIVITIES AND METHODOLOGY

The methodology will be fundamentally theoretical-practical, based on training activities developed in the classroom through presentations and seeking interaction with the student at all times, as well as improving their skills with the participation of experts in the field and advanced learning methods such as "action learning"

The coordinator and professors of the subject remain at the disposal of the students through the subject forum in the virtual classroom of the CUGC www.cugc.es and through their emails, being able to arrange face-to-face meetings to resolve doubts or clarifications about the subject. same

On the dates indicated in the calendar, a SESSION OF EXPERTS ON INTERNATIONAL POLICE COOPERATION is scheduled to be held with the collaboration of external speakers from the University and the Civil Guard and other national and international institutions in order to provide added value to The subject

ASSESSMENT SYSTEM

The evaluation system of the subject is adapted in the academic year to the following guidelines:

Continuous evaluation: Each teacher will value, on his part, the active participation and knowledge of the student through the means specified (control, evaluation of individual work, class participation, etc.) obtaining a grade from 0 to 10. The average of parts I, II and III will constitute the continuous evaluation of the subject with 100% of the total value of the qualification of the subject in the first call.

Call exam: Students who do not pass the continuous evaluation process with a grade of 5, and those who express interest in raising their grade will be called to the call exam that will include questions from all three parts.

% end-of-term-examination:	50
% of continuous assessment (assignments, laboratory, practicals...):	50
