14. Earnings per share (IAS 33).
15. Operating segments (IAS 8).

## LEARNING ACTIVITIES AND METHODOLOGY

Students will learn the theory related to this course with the guidance and material provided in class. This knowledge will be acquired through theoretical and practical classes. This course consists of 6 ECTS. The objective of the theory and practical classes is to learn advanced and complex topics of accounting.

## ASSESSMENT SYSTEM

The evaluation is based on the continuous assessment from September to December. The continuous assessment consists of two group tasks in class, a mid-term exam and a final exam.

For the tasks, students will have to form groups of three. If this is not possible for all groups due to the total number of students, groups of two will also be made. The groups will be the same for both tasks.

Evaluation:

- Two group tasks: 25%. Task 1 is worth 10% and task 2 15%. Students will have to carry out both group tasks during class hours (see timetable). Lack of attendance on the days of the tasks will be considered as not having participated in them.
- Mid-term exam: 25%. The mid-term exam will take place during class hours (see timetable).
- Final exam: 50%. The final exam will take place during class hours in December (see timetable).

<b>% end-of-term-examination:</b>	0
<b>% of continuous assessment (assignments, laboratory, practicals...):</b>	100
