- 11.- Models of management of safety at work.

LEARNING ACTIVITIES AND METHODOLOGY

- The teaching methodology will be theoretical and practical.

ASSESSMENT SYSTEM

- Final Exam (50%)
- Practical (50%).

It is necessary to attend the final exam and obtain at least two points out of five points.

The student who does not pass the exam in the ordinary session will be able to keep their continuous assessment qualifications for the extraordinary session, taking in this case the same type of exam as in the ordinary session.

Those students who have not followed the continuous assessment process will be able to take the final exam which, in ordinary sittings, will have a maximum value of 60% of the total grade for the subject. If they attend the extraordinary call, students who do not follow the continuous evaluation or who, having followed it, find it more favorable, are entitled to a theoretical-practical exam with a maximum value of 100% of the total grade for the subject.

% end-of-term-examination:	50
% of continuous assessment (assignments, laboratory, practicals...):	50
