

Representation and identity in the media

Academic Year: (2023 / 2024)

Review date: 16-06-2023

Department assigned to the subject: Communication and Media Studies Department

Coordinating teacher: GALAN FAJARDO, HELENA MARIA

Type: Electives ECTS Credits : 3.0

Year : Semester :

OBJECTIVES

LEARNING OUTCOMES

LO1. To have acquired advanced knowledge and understanding of the theoretical and practical aspects of the working methodology in the field of audiovisual communication, with a depth that reaches the forefront of knowledge.

LO3. To have the capacity to collect and interpret data and information on which to base their conclusions including, when necessary and relevant, reflection on social, cultural, scientific or ethical issues in the field of audiovisual media.

LO6. To be able to identify their own training needs in their field of study and work or professional environment and to organize their own learning with a high level of autonomy in all types of contexts (structured or not).

GENERAL COMPETENCES

GC1. To understand the phenomenon of language, and the Spanish language in particular, as a capacity that makes communication possible, and to assimilate a correct oral and written use of the Spanish language as a form of expression in the field of the audiovisual industry.

SPECIFIC COMPETENCES

SC1. To acquire analytical and critical capacity in relation to the image and the media audiovisual context, by means of the knowledge of theories, forms, processes and tendencies of media communication and the audiovisual communication.

SC5. To understand and to identify the communicative and narrative models of the audiovisual media and their relationship with society and culture, considering the fundamental rights and equality between men and women, the principles of equal opportunities, and the values of a culture of peace and social coexistence in democracy.

DESCRIPTION OF CONTENTS: PROGRAMME

1. The study of identity. Explanation of the dynamics of the continuous assessment sessions and the work to be carried out, classroom analysis, recommended readings and discussion.

2. Postmodernity and identity.

3. Thematic lines around the study of identity.

LEARNING ACTIVITIES AND METHODOLOGY

1 and 2. Master classes and practices.

The course will consist of lectures and practical sessions. In the first ones, the theoretical tools, necessary to address the different themes and theories will be introduced, while the practical sessions will be devoted to debate, explanation of tools and discussion in the classroom on the proposed topics.

3. Student work.

The students, organized in pairs, will take a study topic included in the subject program in the form of a video essay or podcast, which will be monitored by the tutor, either in class or in personalized tutorials and it will be presented at the end of the course. Therefore, class attendance is necessary to be able to carry out the continuous assessment work.

ASSESSMENT SYSTEM

Percentage weight of continuous evaluation: 100%.

Class attendance is required, as well as partial delivery of the work established for final evaluation.

% end-of-term-examination:	0
% of continuous assessment (assignments, laboratory, practicals...):	100
