

Academic Year: (2023 / 2024)

Review date: 25-04-2023

Department assigned to the subject: Private Law Department

Coordinating teacher: CRESPO MORA, MARIA CARMEN

Type: Compulsory ECTS Credits : 6.0

Year : Semester : 2

OBJECTIVES

In summary, with this subject it's getting students to apply the knowledge acquired in the theoretical classes in the resolution of practical problems on intellectual property, so that they can develop professionally with success in this sector.

DESCRIPTION OF CONTENTS: PROGRAMME

Performing of a period of a minimum of 150 hours in a professional firm, company, intellectual property management, the administration or its dependent bodies or social organization. To be able to collaborate with the master is required that the previous entities have signed an agreement with our University.

ASSESSMENT SYSTEM

Passing this subject will require attendance without interruptions and taking advantage of the internship entity assigned by the Master (for this, the report issued by the entity will be taken into account), as well as the delivery of the final internship report required by the regulations in force. The student will be required to comply with the regulations on the development of practices approved by the direction of the Master.

For the continuous assessment of this subject, will be taken into account the assistance and active participation of the student in the various special activities organized by the master, which complement its specialized training and/or that involve contacting with professionals in the field of intellectual property: seminars, conferences, congresses, lectures of renowned specialists, etc.
