TEACHING METHODOLOGY

-Lectures in class by the lecturer with the support of audiovisual media, in which the main concepts of the course will be developed. Bibliography will be provided in order to complement the knowledge of the students.

-Critical review of readings and audiovisual material suggested by the lecturer: press articles, videos, advertising campaigns, reports, manuals and academic articles, either for class' discussion or for students to amplify and consolidate the course's content.

-Resolution of advertising and communication case studies posed by the lecturer, in an individual or group manner.

-Presentation and discussion in class, under the lecturer's moderation, of topics related to the course as well as case studies.

-Assignments and reports done by students in an individual or group manner.

ASSESSMENT SYSTEM

EVALUATION CRITERIA:

- Participation in class: up to 20%
- Individual or group work: up to 30%
- Final exam: up to 50%

GRADING METHOD:

The grades will be made generally in response to the lecturers and materials provided or recommended by the lecturers. Regarding the participation in class for positive consideration must be substantiated and reasoned. And as for the practical works, they will be qualified basically by the content according to the first criterion, but as long as the presentation is correct and adequate.

In summary, therefore:

- Class participation
- Individual or group work carried out during the course
- Final exam

Evaluation Criteria of the Extraordinary Call:

"The note of the Continuous Assessment is kept"

% end-of-term-examination: 50

% of continuous assessment (assignments, laboratory, practicals...): 50
