2. Teamwork skills
3. Phases in the formation of teams. Composition of the work teams.
4. The establishment of objectives
5. The roles of team members
6. The rules of the team
7. Teamwork techniques
8. Meeting management

LEARNING ACTIVITIES AND METHODOLOGY

- ¿ Sharing of experiences of working in teams.
- ¿ Exercises showing team dynamics and how to behave in different team situations as well as playing different types of team roles.
- ¿ Presentation of the different contents of the program.
- ¿ Visual and graphic tools for team work.

ASSESSMENT SYSTEM

Final exam in the official exam session: 0 points.

Continuous assessment: 10 points of the overall grade.

- Attendance at 85% of the classes is compulsory in order to pass the course (i.e. 12 of the 14 classes).

- Active participation in the classes.

- Completion of exercises and practical activities in class and through Aula Global.

- Two written assessment tests: one in the 7th class, a short development test that will deal with the contents worked on in the previous classes; another in the 14th class: a development test on the whole of the syllabus taught in which students must summarise the contents dealt with and draw conclusions on the practical applications of the same at a professional level. They must also write a conclusion and personal self-assessment on the level of development they consider they have reached in the skill to which the subject refers.

- There may be other assessment tests that will be indicated in the weekly planning.

Percentage weight of the Final Exam: 0

Percentage weight of the rest of the evaluation: 10

Please note that, in accordance with current regulations, each enrolment in cross-disciplinary subjects, as in this case, will involve a single call and, in those cases in which the continuous assessment process includes a test, this must be taken during the timetable and in the classroom reserved for classes, as these cross-disciplinary subjects do not have a date reserved in the official exam calendars.
