

Internship

Academic Year: (2023 / 2024)

Review date: 20-05-2022

Department assigned to the subject: Computer Science and Engineering Department

Coordinating teacher: LINARES LOPEZ, CARLOS

Type: Compulsory ECTS Credits : 6.0

Year : 1 Semester : 2

DESCRIPTION OF CONTENTS: PROGRAMME

The student must write a report of the work carried out either in Spanish or English, and that will be supervised by someone in charge in the company.

The university tutor will evaluate the internships based on the knowledge and skills learned in the classroom when applying them in a work environment, reflected in the report, and will also request an evaluation from the company tutor to contrast all the information collected, together with the tutor's evaluation that reflects the follow-up and interaction with the student during the internship.

LEARNING ACTIVITIES AND METHODOLOGY

Learning activities:

Individual student work

Methodologies:

Works and reports individually or in groups

ASSESSMENT SYSTEM

Individual or team work done during the semester
