¿

LEARNING ACTIVITIES AND METHODOLOGY

Textbooks and article readings, case studies, and news articles, will be used throughout the course to present, develop, and apply the key concepts of the internationalization process of organizations. The professor will announce in advance the materials that will be used in each session and students will work on those materials prior to the lecture. Students will also be expected to participate actively in the class discussion of case studies and the solution of exercises/projects and cases. Students will (1) turn in written exercises/cases solved individually, (2) participate in class discussions of case studies and selected readings, participation that will require preparation previous to the session, and (3) form groups to analyze in depth a case study and/or Project on a topic approved by the professor and to present the analysis in front of the class.

ASSESSMENT SYSTEM

Final grade:

1. Final exam, 60% (minimum 3,8 out of 10).
2. Class participation and in-class evaluations, 20% (10% article quizzes and 10% cases).
3. Presentation and team project, 25%.

Extraordinary exam:

Students who do not pass the subject in the ordinary call will have an extraordinary call:

1. If the student has followed the continuous evaluation: the qualification will be the one established in the subject program for the ordinary call. However, the student will have the right to be evaluated only with the grade obtained in the final exam if this is more favourable.
2. If the student did not follow the continuous evaluation: the grade will be the one obtained in the final exam. However, the profesor may authorize the delivery of the continuous assessment exercises in the extraordinary call, evaluating in such a case in the same way as in the ordinary call.

% end-of-term-examination:	55
% of continuous assessment (assignments, laboratory, practicals...):	45
