The master in International advocacy is a master's degree that is taught in person. Therefore, students are required to attend all the theoretical and practical classes that the master has programmed. A student may only be absent for no reason from a maximum of 15 per cent of the classroom hours (i.e. not the sessions or days) in each subject. In case of excused absences, the total maximum will be 25%. If the student hold an absence greater than those indicated, a "0" will be computed on the continuous evaluation rating. Likewise, the absences lower than those percentages may be taken into account when it comes to modulate downward the qualification of the continuous evaluation, especially if it includes a participation note.

In the extraordinary call the weight will be: Final examination: 60% and continuous evaluation: 40%.
