 - o NATO¿s role in European security
 - o Populism, Post-Truth & Disinformation: implications for the liberal order

LEARNING ACTIVITIES AND METHODOLOGY

This course consists of lectures and seminars which will be designed for students to discuss the ideas found in the readings. In general, classes are designed in a manner to promote students' active participation and critical thinking. Therefore, it is essential that students read all required readings. There will be class and group discussions in designated sessions. It is highly recommended to keep up-to-date about ongoing discussions on geopolitics. For this reason, students are encouraged to follow think-tanks, international press and leading journals related to the course content

ASSESSMENT SYSTEM

% end-of-term-examination:	40
% of continuous assessment (assignments, laboratory, practicals...):	60

The course grade will be determined as follows:

Class participation: 10%.

Group paper: 25%.

Group presentation: 25%.

Individual term paper: 40%.
