REQUIREMENTS (SUBJECTS THAT ARE ASSUMED TO BE KNOWN)

No requirements required, but general sociological knowledge and gender perspective will be of help.

OBJECTIVES

To analyze the basic concepts and theories related to the inequality between men and women, both from a sociological and feminist perspective.

To analyze the social fields where the inequality between men and women is clearer.

To analyze the social problems that gender inequality generates.

Detection of current fundamental issues and their impact on social relations and the public agenda

In general terms, the course has the aim of learning to recognize the complexity of social phenomena as well as to summarize them critically.

DESCRIPTION OF CONTENTS: PROGRAMME

Program:

THEME 1. Women, men and family in society theory

THEME 2. Feminist theory

THEME 3. Gender construction and care

THEME 4. Violence against women

LEARNING ACTIVITIES AND METHODOLOGY

There are practical and theoretical lessons.

Theoretical lessons are based on specific bibliography chosen for each concrete subject, the explanation of the class and the slides in Aula Global.

Practical lessons consist on two different kinds of exercises:

1) based on the contents of the theoretical classes. They are different kinds:

- Individual or in group
- To be done in the class, at home or in both places.
- Written, oral or mix.

2) Collective work throughout the course applying the gender perspective.

ASSESSMENT SYSTEM

| | |
|-----------------------------------------------------------------------------|----|
| % end-of-term-examination: | 40 |
| % of continuous assessment (assignments, laboratory, practicals...): | 60 |

The final grade will be the result of:

- The evaluation of the practical exercises done during the course
- The evaluation of social research
- Final exam that includes the contents of the course

It is essential to pass the final exam in order to pass the course.
