Coordinating teacher: GARCIA CASTILLO, LUIS EMILIO

Type: Compulsory ECTS Credits : 3.0

Year : 1 Semester : 2

## OBJECTIVES

Knowledge of fundamental concepts on the scientific method and its ethical consequences.  
Knowledge of diffusion mechanisms for transferring research results.

## DESCRIPTION OF CONTENTS: PROGRAMME

The course is organized on lectures about different topics on the fundamental concepts on the scientific method and its ethical consequences, the main diffusion mechanisms for transferring research results and the management of research projects within different types of institutions and enterprises.

## ASSESSMENT SYSTEM

<b>% end-of-term-examination:</b>	0
<b>% of continuous assessment (assignments, laboratory, practicals...):</b>	100

The assessment consist of the realization of an assignment related with some of the topics discussed in the course.

In this course, students must not use artificial intelligence tools to carry out the work or exercises proposed by the professor. In the event that the use of AI by the student gives rise to academic fraud by falsifying the results of an exam or work required to accredit academic performance, the provisions of the Regulation of the University Carlos III of Madrid of partial development of the Law 3/2022, of February 24, of university coexistence will be applied.
