LEARNING ACTIVITIES AND METHODOLOGY

Lectures:

In the lectures we will discuss the readings and the critical evidence needed to test the main theories.

Reduced lectures:

Each week we will have presentations, debates based on the readings and discussions of the essays. Students will have to participate actively in class.

ASSESSMENT SYSTEM

% end-of-term-examination:	40
% of continuous assessment (assignments, laboratory, practicals...):	60

The grade obtained by the student in the continuous assessment process will represent 60% of the final grade for the subject. The grade obtained in the final exam will represent 40% of the final grade for the subject.

Extraordinary evaluation: The note of the continuous evaluation process is kept in the event that the student had followed it. If you did not follow it, you are entitled to an exam with a value of 100% of the total grade for the subject.
