**LEARNING ACTIVITIES AND METHODOLOGY**

Taking into account that students in their undergraduate training as well as in the common module of the curriculum have acquired a solid theoretical background, in the credits of specialization may to dispense to a greater extent from the traditional master class by articulating the teaching in each subject based on practical cases. For whose resolution will be provided in advance specific materials. This will allow students to face real practical problems, in the different areas of specialization, since it will be necessary to return to the contents. Theoretically, the cases raised should be complemented with a thorough study of each particular discipline on the part of the students so that they can overcome the various subjects of according to the evaluation criteria that will be described below.

For each one of the optional subjects of 3 ECTS, until integrating 15 ECTS, the workload is  
The next:

Theory hours: 20 h.

Practical hours: 10 h.

Hours student work and other activities: 45 h

For each subject, a compendium of practical cases will be provided to the students. start of the course that should be resolved according to a detailed schedule. Each lesson It will be accompanied by specific readings (doctrinal documents, jurisprudence or resolutions administrative); all this will be without prejudice to the teacher making a short introduction theory at the beginning of each session to locate the fundamental problems and place them within the unit of content in each case.

**ASSESSMENT SYSTEM**

<b>% end-of-term-examination:</b>	40
<b>% of continuous assessment (assignments, laboratory, practicals...):</b>	60

According to eminently practical nature of the learning activities and methodology a special weight will be given to the ongoing assessment.

**% end-of-term-examination:** 40

**% of continuous assessment (assignments, laboratory, practicals...):** 60

1) Ongoing assessment (60%):

- Solving of cases in writing, participation in class and role plays.

2) Final exam (40%).

If the continuous assessment system is not followed, which requires attendance at 90% of the sessions, the final mark in both ordinary and extraordinary sessions will be obtained on 60% of the final exam.
