
Academic Year: (2024 / 2025)**Review date: 29-04-2024**

Department assigned to the subject: null**Coordinating teacher:****Type: Electives ECTS Credits : 6.0****Year : 4 Semester :**

DESCRIPTION OF CONTENTS: PROGRAMME

The student can obtain 6 or 12 ECTS by carrying out supervised internships in public or private institutions that develop activities in the area of Neuroscience, allowing him/her to apply the knowledge acquired in a real context, to know the situation of the labour market and to develop the skills related to his/her profession. The objective, contents, development and results to be obtained during the internship period will be previously agreed with the student and the receiving entity. At the end of the internship, a summary report will be prepared summarizing the work performed, as well as the skills and knowledge acquired

LEARNING ACTIVITIES AND METHODOLOGY

External internships.
Preparation of internship report.
Tutoring, monitoring and guidance of external internships.

ASSESSMENT SYSTEM

Final evaluation of internships.
