We will be using Aula Global intensively. Thee the student will find links to electronic materials as well as slides of the class presentations.

Lectures will be conducted online through the service BlackBoard Collaborate. The material needed for the lectures will be posted in advance.

The quiz will be conducted online and synchronically. In case of emergency the final exam will also take place online in the same manner that the quiz.

Students presentations can be conducted in Blackboard Collaborate.

We will use the forum and chats of Aula Global as a way of stimulating the interaction among students. There will be one forum continuously open so that students can discuss their presentations and help each other solving questions. There is another forum where the professor will ask questions for debate. Participation in the forum will be counted in the final grade.
