**Se detallarán todos los aspectos que se modifiquen en esta situación. En particular, las actividades docentes y metodologías empleadas (grabaciones de clases, mayor utilización de foros, chats, realización de tutorías, exposiciones en aulas virtuales, realización de trabajos, etc.), así como lo relacionado con el proceso de evaluación (cambio en el tipo de evaluación final empleado, en su caso entrega de trabajo, examen tipo test, prueba oral, etc.) All the aspects that are modified in this situation will be detailed. In particular, teaching activities and methodologies used (class recordings, greater use of forums, chats, tutoring, exhibitions in virtual classrooms, work, and like) as well as related to the evaluation process (change in the type of final evaluation used, if applicable, essays, test-type exam, oral test, etc.)**

In the case of a new health emergency the small groups will also be taught on-line, using BLACKBOARD COLLABORATE or GOOGLE MEETS, whatever makes easier the teaching and interaction with students. In this case, we will open new office hours to increase the interaction with students, upload greater amount of solved exercises to aula global, propose volunteer tasks and exercises to the students that will be revised by the teachers, and create a specific forum/chat once per week, per small group, for the students to ask any doubt they may have concerning the course. Note that the labs have already been programmed to be taught on-line. The final exam of the course will not experience significant modifications with respect to the exams of the previous academic years, and we will upload several examples to aula global for the students to know the type of exam they will have to face.
